# About Us.

## Introduction

Established in 2015 in the Avon Valley, Western Australia, AVM Group has built a strong reputation as a trusted contractor specialising in mobile and fixed plant equipment maintenance and support.

Our proven ability to deliver fast, safe, and efficient solutions ensures our clients' operations remain productive and on track. With a client-focused mindset and a commitment to excellence, AVM has become synonymous with quality, reliability, and technical expertise across the mining sector.

## Contacts

**Director**

3/135 Clayton Street, Bellevue, WA, 6056

# Mission & Vision.

## MISSION

To provide innovative and low-cost solutions across the mining infrastructure supply chain by operating with integrity and respect, working in partnership with our clients, our customers, our people, and our community.

## VISION

To be recognised as a great Australian company and a leading provider of innovative and sustainable mining services and mining operations.

# Our Facilities

Our strategically located office and yard facilities are positioned within major mining hubs across Western Australia, enabling rapid response and efficient mobilisation for client and project requirements. Each facility is fully equipped with dedicated rental and maintenance teams, ensuring seamless support wherever it's needed. Backed by a comprehensive fleet and a skilled team of site and workshop personnel, we offer flexibility and resources to keep projects moving, allowing our clients to focus on their core operations with confidence

## PERTH

Located centrally in Bellevue, our Head office and staff are ready to support Perth and surrounds:

- Workshop
- Storage Yard
- Head Office

## KARRATHA

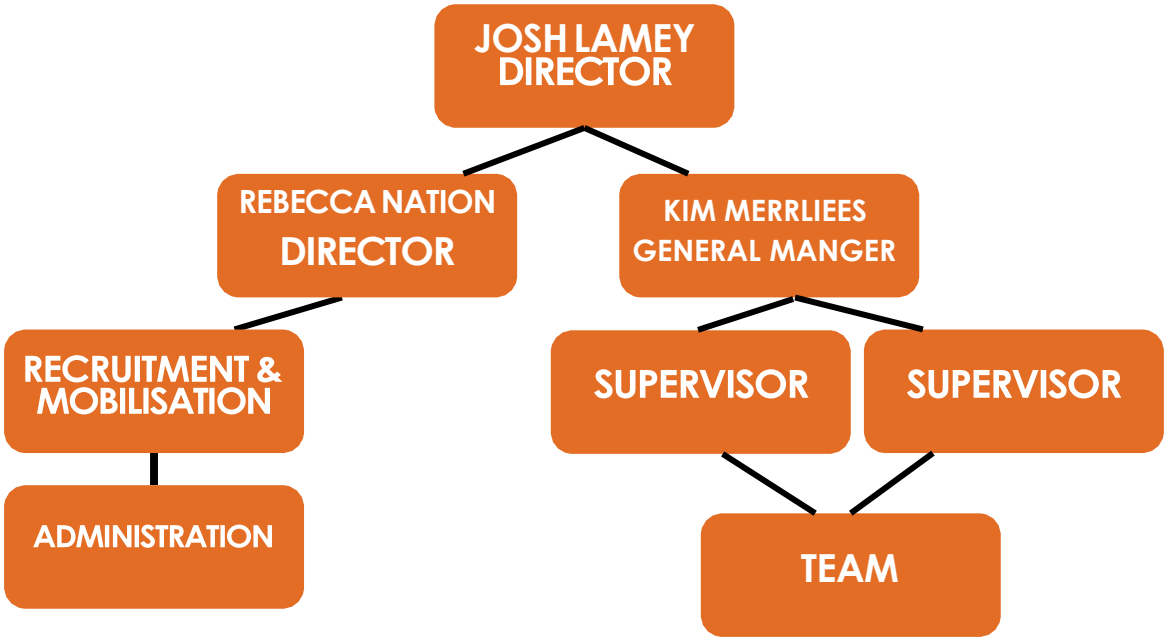

Located close to Road and Port. Supporting the whole Pilbara Region:

- Workshop
- Storage Yard

# Our People

We recognise that our people are our most important asset and critical to our ability to deliver to our objectives. We know we are only as good as the people we hire, and it's our people who shape our culture.

# Our Services & Capabilities

**Services**

**Parts & Resource Sourcing:** AVM Group manage the full cycle: sourcing critical components, fabricating replacements, and ensuring rapid delivery. We also create detailed service kits, set min/max stock levels, and align procurement with operational schedules to reduce downtime and keep stores optimised.

**Comprehensive Maintenance Planning:** AVM Group can develop a full-year schedule covering service intervals from 200 to 3000 hours. This included detailed parts and consumables lists, plus ordering thresholds to streamline inventory management.

**Engineering Improvements**: AVM Group have designed and installed an upgraded solution that strengthened OEM parts and repositioned vulnerable components, eliminating repeat failures.

**Dust Suppression Management:** AVM Group are currently developing a mobile dust suppression system using fog cannons mounted on a water unit. This enables dust control over 150–200 metres in areas inaccessible to traditional water carts, improving safety and environmental compliance.

# Our Services & Capabilities

**Labour Hire experts for the Mining & Resources sector.**

Whether you need a one-off placement, a maintenance crew or a complete workforce solution, AVM Group provides a reliable, flexible and skilled solution for the mining and resources industry.

Services we offer:

- HD Mechanics, LV Mechanics, Auto Electricians and more
- Trade Assistants
- Trainer Assessor
- NDT Testing
- Mobile HD Air- Conditioning
- HME Support
- Underground & Surface Operations
- Fixed plant maintenance
- Skilled Rapid Response Teams
- Fleet Management

# ISO Certification

We are proud to announce that AVM Group has achieved TRIPLE Certification in Quality Management Systems, Occupational Health & Safety Management Systems and Environmental Management Systems in 2025.

AVM Group operations are managed under an Integrated Management System with each component individually certified to the International Standard (ISO) requirements of:

**ISO 45001- OH&S Management Systems**
**ISO 9001- Quality Management Systems**
**ISO 14001- Environmental Management Systems**

What this means is that AVM Group have committed to an ethos of continual improvement of our operations, optimising the way we move forward now and into the future. With triple ISO certification to the internationally recognised Quality, OHS, and Environmental Management Systems, our clients should be assured they are in the best hands.

ISO certifications are only found in highly efficient organisations that make a commitment to preventing workplace injury and illness, minimising our environmental impact, and showing leadership in continual improvement and best practice operations. Through our processes, all construction projects are guaranteed to meet statutory regulations, Australian standards and codes, environmental controls, and occupational health safety in all areas of its operation
